Universal Technical Institute Reports Fiscal Year 2023 Fourth Quarter and Year-End Results

PHOENIX, Nov. 15, 2023 /PRNewswire/ -- Universal Technical Institute, Inc. (NYSE: UTI), a leading workforce solutions provider of transportation, skilled trades and healthcare education programs, reported financial results for the fiscal 2023 full year and fourth quarter ended September 30, 2023⁽²⁾. Universal Technical Institute, Inc. operates in two reportable segments, Universal Technical Institute (UTI) and Concorde Career Colleges (Concorde), and together with its segments and subsidiaries is referred to as the "Company," "we," "us" or "our."

- Surpassed fiscal year 2023 guidance ranges for all key financial metrics.
- Full year revenue of \$607.4 million in 2023 with UTI contributing \$429.3 million and Concorde contributing \$178.1 million.
- Full year net income was \$12.3 million while full year adjusted net income (1) was \$22.3 million.
- Full year adjusted EBITDA⁽¹⁾ was \$64.2 million.
- Full year total new student starts of 22,613, with UTI contributing 14,181 representing 6.0% year-over-year growth, and Concorde contributing 8,432.
- Established fiscal 2024 full year guidance ranges including revenue of \$705 to \$715 million, and adjusted EBITDA of \$98 to \$102 million.

"Our fiscal 2023 results are a testament to our continued execution on our growth and diversification strategy," said Jerome Grant, CEO of Universal Technical Institute. "We met or exceeded our full year guidance across all key metrics, which includes the benefit of three full quarters of contribution from Concorde. During the year, we completed key public company requirements within Concorde's integration process, launched 13 new programs across eight UTI division campuses and two new programs at Concorde campuses. Demand for our programs has remained strong across both divisions, and we are carrying this momentum into the first quarter of fiscal year 2024.

"The foundation we laid in 2023 forms much of the groundwork needed to achieve our growth expectations in the year ahead. Our revenue guidance for fiscal 2024, which exceeds \$700 million, is consistent with the expectations we set last year, while our adjusted EBITDA guidance of approximately \$100 million reflects the improvements we carry forward from 2023. As we move further into 2024, we expect to see the ramp from our new and forthcoming programs across both divisions, continue scaling the two newest UTI division campuses, and drive additional operating efficiencies across our business model. We are entering fiscal 2024 in a position of strength, and we expect to continue deepening and expanding our diversified platform."

Financial Results for the Three-Month Period Ended September 30, 2023 Compared to 2022

- Revenues increased 53.9% to \$170.3 million, compared to \$110.6 million primarily due to the acquired Concorde segment contributing \$55.0 million.
- Operating expenses increased 49.3% to \$160.0 million, compared to \$107.2 million primarily due to the acquired Concorde segment contributing \$51.8 million.
- Operating income was \$10.3 million compared to \$3.5 million.
- Net income was \$6.7 million compared to \$2.8 million. Adjusted net income⁽¹⁾ was \$8.4 million compared to \$8.0 million.
- Basic and diluted earnings per share (EPS) were \$0.10 compared to \$0.03.
- Adjusted EBITDA⁽¹⁾ was \$19.2 million compared to \$15.1 million.
- New student starts of 10,392.

UTI

- UTI had revenues of \$115.3 million, a 4.2% increase from the prior year quarter revenues of \$110.6 million.
- Operating expenses for UTI were \$97.4 million, compared to \$96.4 million. Expenses remained nearly flat despite expenses incurred during the current year for the new program launches.
- Adjusted EBITDA⁽¹⁾ was \$24.9 million compared to \$24.2 million, reflecting a year-over-year increase of 3.2%.
- New student starts of 6,500 increased from prior year by 9.0%, while average undergraduate full-time active students increased 1.4%.

Concorde

- Revenues of \$55.0 million.
- Operating expenses were \$51.8 million.
- Adjusted EBITDA⁽¹⁾ was \$4.0 million.
- New student starts of 3,892 and 8,008 average undergraduate full-time active students.

Balance Sheet and Liquidity

At September 30, 2023, our total available liquidity was \$159.7 million, which includes \$8.2 million available from the revolving credit facility. Total debt at September 30, 2023 was \$162.1 million, while net debt was \$10.6 million. For fiscal 2023, the Company incurred \$56.7 million of cash capital expenditures (capex) including the \$26.2 million paid for the purchase of the three primary buildings and associated land at the Orlando, FL campus in March 2023. The primary drivers of the remaining capex for the year were the completion of the UTI Austin and Miramar campus buildouts and the UTI and Concorde program expansions, along with maintenance capex associated with equipment, facilities, curriculum and other items.

Financial Results for the Year Ended September 30, 2023 Compared to 2022

- Revenues increased 45.0% to \$607.4 million, which exceeded the full year guidance range of \$602-605 million, compared to \$418.8 million primarily due to \$178.1 million from the acquired Concorde segment.
- Operating expenses increased 47.8% to \$586.0 million, compared to \$396.4 million. The acquired Concorde segment contributed \$167.6 million. The remainder of the increase was primarily driven by the incremental cost of delivery associated with UTI new campus and program rollouts in the prior year, and both one-time and ongoing investments in support of our growth and diversification strategy.
- Operating income was \$21.4 million compared to \$22.4 million.
- Net income was \$12.3 million compared to \$25.8 million. Adjusted net income⁽¹⁾ was \$22.3 million, exceeding the high-end of the full year guidance range of \$17 20 million, compared to \$35.5 million.
- Basic and diluted EPS were \$0.13 compared to \$0.39 and \$0.38, respectively.
- Adjusted EBITDA⁽¹⁾ was \$64.2 million, exceeding the high-end of the full year guidance range of \$62 64 million, compared to \$60.2 million.
- Cash flow provided by operating activities was \$49.1 million compared to \$46.0 million.
- Adjusted free cash flow⁽¹⁾ was \$49.1 million, exceeding the full year guidance range of \$44 46 million.
- New student starts of 22,613, which was within the full year guidance range of 22,000 23,500.

- UTI had revenues of \$429.3 million, a 2.5% increase from the prior year revenues of \$418.8 million driven primarily by the new campuses opened in the prior year, new programs launched in both the current and prior year, and overall higher revenue per student, partially offset by lower average undergraduate full-time active students.
- Operating expenses for UTI were \$373.6 million, compared to \$354.4 million. The increase was primarily due to higher compensation related and other expenses incurred during the current year for the new program launches during the current and prior year and the new campuses launched in the prior year.
- Adjusted EBITDA⁽¹⁾ was \$84.5 million compared to \$95.0 million, reflecting a year-over-year decrease of 11.0%.
- New student starts of 14,181 increased 6.0% compared to the prior year, while average undergraduate full-time active students decreased 1.7%.

Concorde (for the ten-month period beginning December 2022 and ended September 2023)

- Revenues of \$178.1 million.
- · Operating expenses were \$167.6 million.
- Adjusted EBITDA⁽¹⁾ was \$16.3 million.
- New student starts of 8,432 and 7,654 average undergraduate full-time active students.

Fiscal 2024 Financial Outlook

"Our revenue and profitability performance, which exceeded expectations for the fourth quarter and fiscal year, was underpinned by continued strong performance from Concorde and the momentum that has been building within the UTI division throughout the year, and overall reflects the strength of our diversified business model," said Troy Anderson, CFO of Universal Technical Institute. "The fourth quarter seasonal strength across the business, new program launches in both divisions, and continued benefits from our enhanced efforts to support incoming students that we implemented throughout the year all contributed to our success in the quarter.

"Based on our current visibility and the strategic progress we have made over the past year we are confidently announcing our formal guidance ranges for fiscal 2024 which are consistent overall with our prior projections and demonstrate strong growth in revenue, profitability, and cash flow. For fiscal 2024 we have replaced adjusted net income with net income and fully diluted earnings per share, as we believe these metrics are a better reflection of our expanding profitability. Our confidence stems from the foundation we have built with our growth and diversification strategy over the past several years and reflects the yield from our new program launches and investments in marketing and admissions, along with continued efficiencies in our operational infrastructure. We have established an ongoing cycle of driving growth and optimization across our business, which we believe will further solidify our position as a leading workforce solutions provider."

Use of Non-GAAP Financial Information

In addition to disclosing financial results that are determined in accordance with U.S. generally accepted accounting principles ("GAAP"), the Company also discloses certain non-GAAP financial information in this press release and may similarly disclose non-GAAP financial information on the related conference call. These financial measures are not recognized measures under GAAP and are not intended to be and should not be considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. The Company discloses these non-GAAP financial measures because it believes that they provide investors an additional analytical tool to clarify its results of operations and identify underlying trends. Additionally, the Company believes that these measures may also help investors compare its performance on a consistent basis across time periods. Additional details on our non-GAAP measures and the tables reconciling these measures to the most directly comparable GAAP measure are provided below.

Adjusted EBITDA

For fiscal 2022, the Company defined adjusted EBITDA as net income (loss) before interest expense, interest income, income taxes, depreciation and amortization, adjusted for items not considered as part of the Company's normal recurring operations. Starting in fiscal 2023, the Company defines adjusted EBITDA as net income (loss) before interest expense, interest income, income taxes, depreciation and amortization, adjusted for stock-based compensation expense and items not considered normal recurring operations. Prior year amounts have been restated to include an adjustment for stock-based compensation expense.

Adjusted Free Cash Flow

The Company defines adjusted free cash flow as net cash provided by (used in) operating activities less capital expenditures, adjusted for items not considered normal recurring operations.

Adjusted Net Income (Loss)

The Company defines adjusted net income (loss) as net income (loss), adjusted for items that affect trends in underlying performance from year to year and are not considered normal recurring operations, including the income tax effect on the adjustments utilizing the effective tax rate.

We disclose any campus adjustments as direct costs (net of any corporate allocations). Management utilizes adjusted figures as performance measures internally for operating decisions, strategic planning, annual budgeting and forecasting. For the periods presented, this includes, without limitation, acquisition-related costs for both announced and potential acquisitions, integration costs for completed acquisitions, start-up costs associated with new campus openings and other program expansion, stock-based compensation expense, costs related to the purchase of our campuses, lease accounting adjustments resulting from the purchase of our campuses and our campus consolidation efforts, intangible asset impairment charges, and payments of severance expense for the CEO transition. To obtain a complete understanding of our performance, these measures should be examined in connection with net income (loss) and net cash provided by (used in) operating activities, determined in accordance with GAAP, as presented in the financial statements and notes thereto included in the annual and quarterly filings with the Securities and Exchange Commission ("SEC"). Because the items excluded from these non-GAAP measures are significant components in understanding and assessing our financial performance under GAAP, these measures should not be considered to be an alternative to net income (loss) or net cash provided by (used in) operating activities as a measure of our operating performance or liquidity. Exclusion of items in the non-GAAP presentation should not be construed as an inference that these items are unusual, infrequent or non-recurring. Other companies in the education industry, may define and calculate non-GAAP financial measures differently than we do, limiting their usefulness as a comparative measure across similarly titled performance measures presented by other companies. A reconciliation of the historical non-GAAP financial measures to the most directly comparable GAAP measures is provided below and investors are e

Forward Looking Statements

All statements contained in this press release and the related conference call, other than statements of historical fact, are "forward-looking" statements within the meaning of the safe harbor from civil liability provided for such statements by the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended). These forward-looking statements which address our expected future business and financial performance, may contain words such as "goal," "target," "future," "estimate," "expect," "anticipate," "intend," "plan," "believe," "seek," "project," "may," "should," "will," the negative form of these expressions or similar expressions. Examples of forward-looking statements include, among others, statements regarding (1) the Company's expectation that it will meet its fiscal year 2024 guidance for new student start growth (decline), revenue growth, net income, diluted earnings per share, Adjusted EBITDA and Adjusted Free Cash Flow; (2) the Company's expectation that it will continue to expand its value proposition and build a business that can grow in low-to-mid single digits with potential upside, regardless of the economic environment; and (3) the Company's expectation that it will succeed in new program launches next year. Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on the Company's current beliefs, expectations and assumptions regarding the future of its business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore, you should not rely on any of these forward-looking statements. Important factors that could affect our actual results include, among other things, failure of our schools to comply with the extensive regulatory requirements for school operations; our failure to maintain eligibility for federal student financial assistance funds; the effect of current and future Title IV Program regulations arising out of negotiated rulemakings, including any potential reductions in funding or restrictions on the use of funds received through Title IV Programs; the effect of future legislative or regulatory initiatives related to veterans' benefit programs; continued Congressional examination of the for-profit education sector; our failure to maintain eligibility for or the ability to process federal student financial assistance; regulatory investigations of, or actions commenced against, us or other companies in our industry; changes in the state regulatory environment or budgetary constraints; our failure to execute on our growth and diversification strategy; our failure to realize the expected benefits of our acquisitions, or our failure to successfully integrate our acquisitions, including, without limitation, Concorde Career Colleges, Inc.; our failure to improve underutilized capacity at certain of our campuses; enrollment declines or challenges in our students' ability to find employment as a result of macroeconomic conditions; our failure to maintain and expand existing industry relationships and develop new industry relationships; our ability to update and expand the content of existing programs and develop and integrate new programs in a timely and cost-effective manner while maintaining positive student outcomes; a loss of our senior management or other key employees; failure to comply with the restrictive covenants and our ability to pay the amounts when due under the Credit Agreement; the effect of our principal stockholder owning a significant percentage of our capital stock, and thus being able to influence certain corporate matters and the potential in the future to gain substantial control over our company; the impact of certain holders of our Series A Preferred Stock owning a significant percentage of our capital stock, their ability to influence and control certain corporate matters and the potential for future dilution to holders of our common stock; the effect of public health pandemics, epidemics or outbreak, including COVID-19, and other risks that are described from time to time in our public filings. Further information on these and other potential factors that could affect the financial results or condition may be found in the company's filings with the SEC. Any forward-looking statements made by us in this press release and the related conference call are based only on information currently available to us and speak only as of the date on which it is made. We expressly disclaim any obligation to publicly update any forward-looking statements, whether written or oral, that may be made from time to time, whether as a result of new information, future developments, changes in expectations, any changes in events, conditions or circumstances, or otherwise.
