

Accrediting Commission of Career Schools and Colleges honors UTI-Sacramento Campus

The campus is one of only 19 schools accredited by ACCSC to earn the highest "School of Excellence" award in the 2023-2024 accrediting period

PHOENIX, Aug. 29, 2024 /PRNewswire/ -- [Universal Technical Institute](#), the transportation, skilled trades and energy education division of [Universal Technical Institute, Inc.](#), today announced that [UTI-Sacramento \(Calif.\)](#) has been named a School of Excellence by their accrediting body, the [Accrediting Commission of Career Schools and Colleges](#) (ACCSC).

The School of Excellence Award is the highest institutional distinction awarded by the ACCSC. It celebrates accredited member institutions for their steadfast adherence to ACCSC's rigorous accreditation standards and outstanding record of student accomplishment.

UTI-Sacramento Campus President Tess Dubois-Carey shared, "I am incredibly proud of the hard work and dedication of the UTI-Sacramento team. Receiving ACCSC School of Excellence recognition for the second time is a testament to this team's long-standing commitment to educational excellence."

According to ACCSC Executive Director Dr. Michale McComis, "The School of Excellence Award highlights a school's efforts and its success in offering high-quality education that benefits students—it is a distinction that a school earns through meeting and exceeding accreditation standards of best practice. UTI has demonstrated its commitment to equip students with in-demand skills and an opportunity to excel in the workforce."

UTI Division President Tracy Lorenz shared, "At UTI, we are focused on delivering a quality education, as recognized by our accreditor. We are committed to helping prepare our students for future careers in the in-demand fields of transportation, skilled trades, and the energy sector and helping meet the needs of employers in these fields."

UTI-Sacramento opened in October 2005. The 117,000-square-foot campus awards an Associate in Occupational Studies in Automotive Technology II, Automotive & Diesel Technology II, and a diploma in Diesel Technology II and Welding Technology. Pending regulatory approvals, the campus will add a diploma in HVACR.

The U.S. Department of Education recognizes ACCSC as the designated accrediting body for 575 post-secondary, trade, and technical schools that serve more than 150,000 students nationwide in a variety of vocational programs each year. Out of 575 schools accredited by the ACCSC, only 19 schools earned the highest "School of Excellence" award in the 2023-2024 accrediting period.
